

Stylish and Oh-So-Green!

# New Shopping Bags from old Banners!

Buy a great-looking, reusable nylon shopping bag and all profits will fund the development of new public green spaces around Commercial Drive.

By converting our first 3 year's worth of banners (768 banners) into reusable nylon shopping bags rather than using new fabric, we have:

- Avoided over 5.3 tons of CO<sub>2</sub> emissions
- Kept 192 kg (422.4 lb) of nylon out of the landfill
- freed up 814 trees to capture CO<sub>2</sub> from other sources for a full year
- Saved 38,184,960 BTUs of energy – enough to provide electricity to an average Vancouver home for over 15 months.

Handles  
are long enough  
to carry on your  
shoulder!

Well-made, right on the  
Drive by Dream Designs!

Available in 2 versions of 4 colours for only **\$9.95**
